Bundle price comparison: £20.90 less than ten PAYG introductions (£79.90).

This is a price comparison, not a guaranteed saving. A Bundle cycle can end after the first introduction.

* A Bundle cycle ends when an introduction leads to a purchase, confirmed order or the buyer accepting sale-or-return stock. Assurance covers further qualifying introductions RSS offers while active. No sale, fixed number of introductions or delivery dates are guaranteed. Terms apply.

Retail Outcome Assurance: once active, pay no extra fee for further qualifying buyer introductions we offer until a qualifying commercial outcome occurs.

Introductions are charged per accepted retail location. The Bundle covers one location per opportunity; optional additional locations may cost extra. Catalogue listings are subject to approval. Subscription is coming soon; full terms will be confirmed before launch.
